WOUND MANAGEMENT:
A Multidisciplinary Approach

TARGET AUDIENCE
This program is designed for registered nurses working in various practice settings. The content is also appropriate for other healthcare professionals such as therapists, social workers, and dietitians.

GOAL OF THE PROGRAM
For the learner to identify various forms of wounds, plan care based on evidence based practice, and recognize when a referral to a wound care specialist is appropriate.

PROGRAM OBJECTIVES
At the conclusion of this program the participant will be able to:
1. Describe the latest vascular interventions used to improve lower limb circulation and the benefit to cardiovascular health.
2. Identify the various types of wounds encountered in multiple practice settings (acute care, home care clinic).
3. Initiate basic wound care and referral as needed.
4. Differentiate chronic from acute wounds.
5. Identify factors which result in chronic wound development.
6. Describe modalities which ‘jump-start’ the healing process.
7. Identify wounds which are caused by pressure.
8. Identify the six stages of pressure ulcers.
9. Discuss appropriate treatment plans for the various stages of pressure ulcers.
10. Perform simple and effective off-loading techniques for management of the neuropathic wound.

COURSE DESCRIPTION
The challenge of managing wounds frequently requires a multidisciplinary approach. We will have nurses, therapists, and physicians, all wound management specialists, to provide the newest information on wound management.

You will learn to identify wounds and develop a plan of care that will progress the wound through the phases of healing.

If you aren’t using honey dressings, need to know more about negative pressure wound therapy devices, or want to see what interventions can save a foot or limb, this program is for you.

CONTINUING EDUCATION
University of Louisiana at Lafayette College of Nursing and Allied Health Professions is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center’s Commission on Accreditation.

Louisiana State Board of Nursing – Provider # 9.

To receive 5.3 contact hours, the participant must attend the entire program, and complete and submit the Contact Hour and Evaluation forms.

DISCLAIMER
American Nurses Credentialing Center (ANCC) accreditation applies only to the educational content of the program. University of Louisiana at Lafayette College of Nursing and Allied Health Professions Continuing Nursing Education Program and ANCC Commission on Accreditation does not approve or endorse any product.

FACULTY
Roghtham Patlola, MD
Dr. Patlola received his medical degree in India and his cardiology fellowship at Beth-Israel Medical Center at Albert-Einstein College of Medicine in New York City. He is Board Certified in five specialties and has worked with Cardiovascular Institute of the South since 2006, is a well published author in numerous articles, and a frequently requested speaker.

Debbie Ritter, RN, CWOC
Ms. Ritter attended the University of Texas at M.D. Anderson for wound care certification and her focus has been on wound care management for the past sixteen (16) years. Her nursing experience ranges from ER to chronic care in staff and management positions. She works for Senior Home Care based in Hammond, Louisiana.

Frank Aviles, Jr., PT, CW, WCC, FACCWS, CLT
Mr. Aviles is a physical therapist with extensive wound care experience. He is a Certified Wound Specialist through the American Academy of Wound Management, obtained his wound care certificate from the National Alliance of Wound Care and received his CLT designation from the Academy of Lymphatic Studies. He is the Director of Therapy and a wound specialist for LA Extended Care Hospital in Natchitoches, Louisiana, a wound specialist for LHC Group, and owns a therapy company where he consults and provides care.

Ty G. Hargroder, MD
Dr. Hargroder has been in practice for over seventeen (17) years and is Board Certified by the American Board of Family Medicine. He is the Co-founder and Managing Partner of The Wound Treatment Center at Opelousas General Health System. He specializes in hyperbarics and advanced wound care.

Myra F. Varnado, BS, RN, CWOCN, CFCN
Ms. Varnado has been a registered nurse for twenty-eight (28) years and a Wound-Ostomy-Continence nurse for the past twelve (12) years. She has authored numerous publications related to skin and wound topics and presented nationally on wound care. She is the Chief Nursing Officer for Wound Care Specialists, a Metairie based multi-site wound care organization.

SPECIAL NEEDS
University of Louisiana at Lafayette will seek to accommodate persons with special needs. If you have a special need which may require accommodations, please notify Continuing Nursing Education, (337) 482-6682 or email nursing_ce@louisiana.edu five (5) days in advance to make arrangements.

REFUND POLICY
REFUNDS WILL BE PROVIDED UNTIL NOVEMBER 18, 2013.
NO REFUNDS WILL BE MADE FOR CANCELLATIONS AFTER NOVEMBER 18, 2013. FEE MAY BE APPLIED TO ANOTHER PROGRAM IF YOU CANCEL AT LEAST ONE DAY PRIOR TO THE PROGRAM.

For your convenience, the College of Nursing accepts telephone registrations with payment at the door. However, if the registrant fails to attend and does not pay registration, a bill will be mailed to the registrant.
